2.

A. Fly America Act Regulation: All travel funded or paid by United States federal government funds require the use of "U.S. flag" carriers. The <u>Fly America Act Regulation</u> applies to all Federal sponsored awards, Federal flow-through awards, as well as any sponsor (i.e. Susan G. Komen Foundation) that references compliance with federal regulations, OMB Circulars or Uniform Guidance 2 CFR Part 200, in the terms and conditions of the award.

B. Requirement:

- All Domestic flights (flights between any two points within the U.S.) is required to fly a U.S. air carrier.
- Fly America requires the use of a US air carrier even though:
 - o A foreign air carrier service is less expensive, or
 - A foreign air service is preferred by the traveler, or
 - A foreign air service is more convenient.

When booking international travel that is being paid by federal funds, the traveler must ensure that all flight segments, where possible, are scheduled on a U.S. flag carrier or International air carrier that either 1) Code shares with a U.S. flag carrier, or 2) Qualifies for an exception to the Fly America Regulation, as described below.

1. Code Sharing:

- Code sharing exists when two or more airlines (A U.S and international carrier) lists the same flight as if
 it was their own with their distinct flight number.
- A U.S. airline may purchase seats on an international air carrier and sell it as their own flight; the purchase of this seat is considered the same as one on a plane operated by a U.S. flag carrier.
- The ticket, or documentation for an electronic ticket, must identify the U.S. carrier's designator code and flight number (not the foreign carrier), which complies with the Fly America Act. Provided below is an example where Delta has a code share with Westjet from Hartford (BDL) to Vancouver, British Columbia (YVR).

a. List of Major U.S. Air Carriers (Not all inclusive)

 Airtran Airways AirWisconsin Alaska Airlines Allegiant Air American Airlines American Trans Air Comair Continental Airlines Delta Airlines Frontier Airlines Airways Biawaiian Airlines Mesa Airlines Midwest Express Airlines PenAir (Peninsula) Airways SkyWest Airlines Southwest Airlines Spirit Airlines Sun Country Airlines United Airlines United Airlines

• Funiat Air	•	Frontier Airlines		United Airlines
runjet An OS An ways	•	Funjet Air		US Airways

Virgin America

2. Exceptions to the Fly America Regulation

• A U.S. Air carrier is not available.

Go! Mokulele

- The use of a U.S. Air carrier service would extend travel time (including delay at origin) by 24 hours or more.
- A U.S. Carrier must be used on every portion of the route, except when use of the U.S. carrier:
 - o Increases the number of aircraft changes outside the United States by two or more
 - Extends travel time by at least six hours or more
 - o Requires a connecting time of **four hours or more** at an overseas interchange point.
- Open Skies exception (DOD funded awards are not eligible).
 - Is when an agreement exists between the U.S. Government and the government of a foreign country. The agreement allows the use of a foreign carrier when that airline is a member state carrier, and transportation is between the U.S. and any point in the member state or between two points outside the U.S.
 - Four (4) Open Skies Agreements are in effect to-date:

•	European Union	See list of EU	
		Carriers Below	
•	Australia	 Qantas 	Subject to City
		 Virgin Australia 	Pair Restriction
•	Japan	Nippon Airways	http://cpsearch.fas.gsa.gov/
		Japan Airlines	
•	Switzerland	Swiss Air	

NOTE: The Open Skies exception <u>does not</u> apply to travel supported with Department of Defense (DOD) funds.

Office of the Vice-President for Research Sponsored Program Services

a. Open Skies Exception: European Union

The Open Skies agreement allows travel between the U.S. and <u>European Union (EU)</u> countries, including Norway and Iceland (which are non-EU Countries that were included in the agreement), Flights may be made on any EU airline as long as it meets the following conditions:

- Not paid by DOD Funds
- Flight is either to or through a EU Country

Flight origin and destinations below are examples of qualifying EU Open Skies Exceptions:

- Frankfurt (E.U.) -> San Francisco (U.S.)
- San Francisco (U.S.) -> Paris (EU)
- Dublin (EU) -> NYC (U.S.) -> Vancouver (Non-U.S./Non-EU country)
- Mexico City (Non-U.S./Non-EU country) -> NYC (U.S.) -> Madrid (EU)
- Cleveland (U.S.) -> Montreal (Non-U.S./Non-EU country) -> Barcelona (EU)
- Vienna (EU) -> Toronto (Non-U.S./Non-EU country) -> Denver (U.S.)
- Istanbul (Non-U.S./Non-EU country) -> Amsterdam (EU) -> Memphis (U.S.)
- Washington DC (U.S.) -> Sarajevo (ECAA European Common Aviation Area)
- Belgrade (ECAA European Common Aviation Area) -> Washington DC (U.S.)

Open Skies Member States European Union (EU) Carriers Not All-Inclusive Austria – Austrian Airlines Italy - Alitalia ■ Belgium – Brussels Airlines Lativa – airBaltic Bulgaria – Bulgaria Air Lithuania – None under Open Skies ☐ Croatia – Croatia Airlines Luxembourg - Luxair □ Cyprus – Cyprus Airways Malta – Air Malta □ Czech Republic – Czech Airlines ■ Netherlands – KLM Royal Dutch Airlines ■ Denmark – Scandinavian Airlines System ■ Norway* - Scandinavian Airlines System Estonia – Estonian Air Poland – LOT Polish Airlines ☐ Finland - Finnair Portugal – TAP Portugal ☐ France - Air France ■ Romania - TAROM ☐ Germany – Air Berlin, Lutfhansa Slovakia - None under Open Skies □ Greece – Olympic Air Slovenia – Adria Airways Hungary – Malev Hungarian Airlines Spain – Air Europa, Iberia, Spanair □ Iceland* - Icelandair Sweden - Scandinavian Airlines System □ Ireland – Air Lingus

* Iceland and Norway are not members of the EU but are included in the EU Open Skies agreement.

b. Open Skies Exception: Australia, Japan and Switzerland

The Open Skies agreement allows travel between the U.S. and either <u>Australia</u>, <u>Japan</u>, and <u>Switzerland</u>. Flights may be made on an Australian, Japanese, or Switzerland airlines as long as it meets the following conditions:

- Not paid by DOD Funds
- The flight's departure and arrival cities <u>does not</u> have a negotiated <u>GSA city pair fare</u> (click the link to verify whether a city pair fare has been negotiated between your flight's departure and arrival cities).

The <u>GSA City Pair Program</u> offers government negotiated fares for flights between certain cities. If a city-pair agreement is in effect, you may **not** claim an Open Skies exception and **must** fly on a US flag carrier or US code share carrier; even though it is unfortunate that the negotiated fares are not available to non-U.S. Government employees (i.e. grantees).

If there are <u>no</u> city pair fares negotiated between the departure and arrival cities, and verified through the city pair fare search site, the airlines below may be used when traveling to any one of the three Countries.

☐ Australia	☐ Switzerland	☐ Japan
Qantas	 Swiss Air 	 Nippon Airways
 Virgin Australia 		■ Japan Airlines

C. Documenting a Fly America Act Exception

When contacting Anthony Travel, the University's preferred vendor, and booking over the telephone, the "Fly America Exception/Waiver" form as well as supporting documentation for the fly America exception does not have to be provided or maintained by the traveler.

When booking air travel outside of Anthony Travel, documentation supporting the exception should be retained at the time of booking and attached with the Concur Expense Report. Business office personnel should refer to the Fly America Act Checklist and Waiver Form to assist in documenting when an exception exists. A copy of the exception form in addition to a listing of flight schedules documenting the exception should be scanned and submitted as part of the Expense Report.
