TUC Health & Safety Reps Survey 2018

To: All Branches

Dear Colleagues,

This is the twelfth TUC survey of Health and Safety Reps. It is designed to provide the TUC and individual unions with information about who health and safety reps are, and what their experiences and needs are.

The TUC needs this information so that the TUC and Unions can do more to help Safety Reps, and so that Safety Reps' views and experiences are better reflected in public policy debates and the work of the Health and Safety Executive (HSE).

The TUC will publish the results, and use them to campaign for better safety standards at work (including more rights for Health and Safety Reps).

Your response is crucial to ensuring that this survey provides the information the TUC is seeking. Please answer as many questions as you can - but if they seem irrelevant to your experiences, ignore them.

Collating the responses to this survey will be a time-consuming and expensive task, so the TUC cannot enter into correspondence arising from the survey. But the TUC does want to know about any successes Health and Safety have had in improving health and safety standards and if Reps want to send details, then please e-mail those details to: healthandsafety@tuc.org.uk.

Please complete the survey by Friday 29 June 2018 when the survey will close.

The 2018 biennial TUC survey of health and safety representatives is now online so please complete the survey at:- <https://www.tuc.org.uk/national/health-and-safety-reps-survey-2018>

Yours sincerely

Dave Joyce
National Health, Safety & Environment Officer
