

No. 682/2017

18 December 2017

Our Ref: NS1/16

**Safe & Well – December 2017:**

**To: All Branches**

Dear Colleagues,

Please see attached the December edition of Safe and Well newsletter with contributions from our USRs and field teams with articles on Poles (what can go on them, what can fall from them in light of a recent incident and who to call if you are stuck up one), cable drums (how to transport them, how NOT to store them), what does and doesn't go in a hazardous waste mini (and also a refresh on how NOT to transport hazardous waste). There is a general refresh on winter, what to do from a health and safety view.

Yours sincerely

**Dave Joyce**  
**National Health, Safety & Environment Officer**
