

EDUCATIONAL PARTNERSHIPS

2019–20 Annual Report

together

A Message from the Superintendent

I am deeply appreciative to our community partners for uniting with our school system to support HCPSS students. You have been there for our students for more than 30 years and that commitment did not waver as we closed our school buildings due to the COVID-19 pandemic. You have stepped up to provide the necessary wraparound supports that our students, families and staff need. Whether it is school supplies, technology, after-school services, I am so pleased that we have a network of community organizations and individuals always willing to lend their time, talent, and resources.

We were thrilled when our educational foundation, the Bright Minds Foundation, established the Access to Learning Fund to help ensure that students have access to the technology and materials that are essential for learning in a virtual environment. Your donations to the fund are helping us establish a strong infrastructure that we can continue to build upon to support a robust online learning program.

We value the support of each of the hundreds of businesses, non-profit organizations and government agencies listed in these pages who contribute countless hours, immeasurable resources and invaluable expertise each year. Thank you for joining with us to prepare every student for lifelong success.

Sincerely,

Michael J. Martirano, Ed.D.

EDUCATIONAL PARTNERSHIPS 2019–20 Annual Report

Each year, this report reflects on the dedication of a community invested in education. At the start of 2019-20, none of us imagined how our lives and community would be transformed by the COVID-19 pandemic. As HCPSS reinvented teaching and implemented changes that education has not seen in more than 50 years, you — our valued partners — were there to help care for our students and staff. This was an incredible effort because at the same time your organizations were experiencing unparalleled changes.

This **Educational Partnerships Annual Report** highlights the support you provided for the 2019-20 school year, including activities that occurred before March 2020. The impact of this pandemic will be long-lasting, but we know that together we will overcome hardships, learn lessons that will lead to innovation and create a better future for our students and community.

We are exceedingly grateful.

POWERFUL PARTNERSHIPS

It takes each one of us to ensure that Howard County students can achieve more than they think possible. Since 1986, partners have been contributing expertise and resources to support students with nearly everything from experiential learning opportunities and career exploration to access to food on the weekends. Today, 1,196 partners are making a difference for HCPSS students and staff. We value the community's commitment to academic excellence and ensuring equity so that every student has the opportunity to succeed.

“Work hard and be kind.”
 — Superintendent Martirano

1,196 Partners

Annual value of partnerships **\$5,651,520**

Number of partners supporting:

BUILDING STRONG FUTURES

Strong partnerships build strong futures. Partners help us create engaging learning environments and foster a lifelong love of learning. Through authentic, relevant experiences, partners provide opportunities for students to play side by side with professional musicians, acquire entrepreneurial skills, and serve as student scientists by studying and addressing environmental issues facing the community.

Partners can ignite a spark that changes a student's life forever. Together with dedicated partners, we inspire tomorrow's leaders and prepare the next generation for a successful future.

30
years of partner support for the Black Student Achievement Program Saturday Math Academy

As of June 2020,
1,675
JumpStart Dual Enrollment students earned college credit for
3,734
college courses

Since 2009,
12,000
fourth grade students explored the journey of food from farm to table through the TasteWise Kids' Days of Taste program.

EMPOWERING MENTORING through

Mentoring empowers learning and growth among all participants. At the core, a successful mentor is someone who cares. At HCPSS, mentoring relationships can be adult-to-adult and adult-to-student and can have a variety of purposes: career exploration, social-emotional growth, cultural appreciation or sharing of strategies and experiences. Intergenerational mentoring between our students and older county residents creates a more cohesive community by enhancing understanding and respect.

In addition to mentoring relationships, HCPSS implements superintendent and curriculum advisories, professional development sessions, parent academies and other programs that allow HCPSS leaders and staff to share information with and learn from members of the community.

PULLING TOGETHER

when we must stay apart

Well before the last school bus was heading out the day the Maryland Superintendent of Schools announced that all public schools would be closed, you were reaching out to us asking how you could support our students. Our community partners quickly mobilized to help thousands of students and their families secure food, hygiene items, grocery gift cards and much more.

Partners were just as committed to ensuring that students had what they needed to be successful academically in this new distance learning environment. Donors and volunteers supplied students with a variety of materials, ranging from computers and books to math manipulatives and school supplies. The Bright Minds Foundation, the school system's educational foundation, launched an emergency Access to Learning Fund to raise money for critical educational resources for students during the pandemic.

Our "new normal" includes phrases such as "social distancing" and "self-isolation." HCPSS partners are making sure that students and their parents know that even though we are apart during these challenging times, we will navigate through the uncertainty together.

"Grace Community Church has been an amazing friend to our school. They are there with support in any way that is needed."

- Elementary School Principal

Partners rallied to provide more than **7,000** packs of school supplies

"One student was so excited that he was waiting by his door with a huge smile on his face! Your efforts on behalf of the children in the community are heart-warming."

Elementary School Principal

250+ donors support the Bright Minds Foundation Access to Learning Fund

350 students received math packs and read-at-home books aligned to the student's academic level

Gifted and Talented Program

The Gifted and Talented Program provides accelerated and enriched learning opportunities for students showing exceptional ability or interest in advanced-level studies. Gifted and Talented resource teachers at the elementary and middle school level enhance the standard curriculum and provide specialized services to develop students' unique talents and aptitudes. At the high school level, intern/mentor opportunities provide a formal, site-based, academic relationship between a high school student and a professional. In this structured relationship, mentors guide students in the pursuit of knowledge and scholarly research. Program partners for the 2019–20 school year included:

Advanced Fluidics LLC
American Film Institute
Amos & Muffoletto, LLC
Arabesque Dance Studio
Arium AE

Career and Technical Education

Career and Technical Education (CTE) offers a variety of programs, either school-based or at the centralized Applications Research Lab (ARL), that prepare students to be successful in a career field of their choosing. CTE programs integrate the strengths of an academic education with the practical benefits of career and technology education. With the guidance of advisors and industry mentors, students have the unique opportunity to explore a career interest in-depth during high school. CTE partners for the 2019–20 school year included:
